

**Commonwealth of Virginia
Retiree Health Benefits Program**

YOUR_X PLAN™

Dear

Congratulations on joining **YOURx PLAN™**, a nationwide Medicare-approved prescription drug plan brought to you by Medco and the Commonwealth of Virginia Retiree Health Benefits Program that helps you save on the prescription medications you depend on.

Here's what you'll find in your Welcome Kit:

- Your **member ID card**, which you present to your pharmacy and start saving with as early as . If you use an out-of-network pharmacy and there is not an emergency, your prescriptions may not be covered.
- A **Summary of Benefits**, which outlines the plan and your costs, including your monthly premium
- **Evidence of Coverage**, which describes the specifics of your personal prescription coverage
- A complete **Pharmacy Directory** listing all the retail network pharmacies available to you
- A **Formulary** listing covered prescription medications

If you have prescription drug coverage through Medigap, tell your Medigap issuer that you have joined a Medicare prescription drug plan. The prescription drug portion of your policy will be removed and your premium will be adjusted. Ask your Medigap issuer if a new Medigap policy without prescription coverage would be right for you. You cannot be charged more based on past or present health problems.

Welcome to savings and service

As the Commonwealth of Virginia Retiree Health Benefits Program's pharmacy benefit manager, Medco managed more than 500 million prescriptions in 2004* and has the experience and resources to help you obtain the right medications at the right prices.

You can look forward to:

- Access to thousands of brand-name and generic drugs
- Safety programs that help prevent potentially harmful drug interactions
- A large network of participating retail pharmacies
- An opportunity for greater savings when you receive your prescriptions by mail
